SUMMARY

Detail-oriented Full-Stack and MERN Stack Developer with expertise in Next.js, React.js, Node.js, and databases. Passionate about creating scalable, responsive applications and delivering exceptional user experiences through clean, efficient code.

EXPERIENCE

Full Stack Web Developer

Dbat24

January 2024 - Present, Lagos

- Developed the SecretKeeper App, an anonymous sharing platform utilizing the MERN stack, achieving a 20% increase in user sign-ups.
- Created intuitive user interfaces and integrated back-end APIs, ensuring 99% reliability in client-server interactions.
- Engineered landing pages with Next.js, boosting user engagement by 30% and reducing bounce rates by 15%.

Back-End Developer

Batech

April 2023 - December 2023, Lagos

- Designed scalable back-end structures for 5+ applications, including the World Capital Quiz and Travel Tracker Apps, using Node.js, Express.js, PostgreSQL, and MongoDB.
- Integrated Firebase for real-time data handling in image upload applications, ensuring data security and improving performance speed by 30%.
- Developed and optimized REST APIs, enhancing back-end logic to increase application responsiveness by 40%.

Front-End Developer

Bat Digital

January 2023 - April 2023, Lagos

- Developed the BatDigital corporate website using Next.js, React.js, and Tailwind CSS for a visually cohesive and responsive design to boost user engagement by 30%.
- Collaborated with UI/UX teams for pixel-perfect implementations, prioritizing modern aesthetics and smooth navigation.
- Engineered modular React components for complex UI systems, enhancing scalability and reducing integration time by 40% across 3+ projects.

PROJECTS

Blog Website

Batech • blog-app-frontend-teal-kappa.vercel.app/ • August 2024 - October 2024

- Built and optimized a Node.js and Express RESTful API, efficiently handling up to 100 HTTP requests daily.
- Designed 5+ reusable React components (e.g., AddArticleList, CommentSection, UserProfile), boosting development speed by 25% and minimizing code redundancy.
- Integrated Axios for real-time data fetching, reducing load times by 30% and ensuring seamless updates between the front end and back end.

Image Gallery

Mirrabelle • batstock-8a9fc.web.app • April 2024 - July 2024

- Developed 8+ reusable React components for features, namely image uploads, and galleries, enhancing user engagement and reducing development time by 30%.
- Configured Firebase Storage for over 1,000 images, enabling scalable storage and real-time updates for a seamless user experience.
- Integrated Firebase Authentication for secure user login and registration, managing access for 300+ users with robust permission controls.

Cooperate Website

BatDigital • landing-page-next-ts.vercel.app/ • August 2024 - January 2024

- Developed 10+ reusable components (e.g., Navbar, Footer, Hero sections) in Next.js, enhancing code reusability by 40% and reducing maintenance time by 25%.
- Implemented Tailwind CSS responsive classes, ensuring functionality across 15+ screen sizes and improving mobile user engagement by 35%.
- Established a Next.js project with TypeScript, achieving 100% type safety in 1,000 lines of code for error-free development.

EDUCATION

Bachelor in Guidance and Counselling

Obafemi Awolowo University • Ile-Ife, Osun • 202420

National Certificate in Education Electrical/Electronics Technology

CERTIFICATIONS

Web Developer

GIZ/Weevil Nigeria · 2022

- Proof of Competency
- Focused Knowledge Building
- Enhanced Credibility
- Problem-Solving Skills

SKILLS

Front End: HTML, CSS, JavaScript, React, Next.js, Tailwind CSS, and Bootstrap

Back End: Node, and Express Databases: MongoDB, PostgreSQL, and FIrebase

Other Skills: Git, GitHub, Render, Vercel, Firebase, Google Cloud, Rest API, and Agile Methodologies.
